

BIMUN ACHARYA

- L** Godawari, Lalitpur
- @** bimunacharya9@gmail.com
- P** 977-9843023149

SUMMARY

Hardworking and motivated IT enthusiast with practical experience designing web-based and Android applications, integrating website security, and working with databases such as Oracle SQL and MongoDB. Skilled in front-end web development using HTML, CSS, and JavaScript, with exposure to cloud deployment on Azure and AWS. Certified in Java programming and WordPress development, with practical experience on Windows and Linux operating systems. Quick to learn new tools and technologies, with a strong emphasis on problem solving, cooperation, and quality results.

EDUCATION

BSc.IT Computer System Engineering
University of Sunderland

Dec 2022 - Oct 2025

Management (+2)
Milestone International College

2020 - 2021

SKILLS

- Research and analysis.
- Connected applications with external APIs efficiently.
- Knowledgeable in Java for software development.
- Team collaboration and communication.
- Proficient in Windows and basic Linux system administration.
- Website vulnerability assessment and basic penetration testing.

PROJECT

- **Web-Based Application Development** - Designed and developed a responsive web-based application with a user-friendly interface and core functionalities to meet project requirements.
- **Android Application in Java** - Created a functional Android application using Java, integrating form validation, local database storage, and smooth navigation for better user experience.

- **Website Cybersecurity Implementation** - Applied security measures using Kali Linux tools to identify vulnerabilities and secure web applications.
- **Database Management with Oracle SQL & MongoDB** - Designed, implemented, and queried relational and NoSQL databases for efficient data handling.
- **WordPress Website Development** - Built and customized WordPress websites with themes, plugins, and SEO optimization.
- **Cloud Deployment (Azure & AWS)** - Deployed and managed applications using cloud platforms for scalability and performance.
- **Front-End Development (HTML, CSS, JavaScript)** - Developed responsive and interactive web pages ensuring cross-browser compatibility.

CERTIFICATES

- Java Programming Certificate
- WordPress Development Certificate
